 is a 501(c)(3) nonprofit organization that
 supports the growth and development of the
 Maya Angelou Public Charter School - a leading
 alternative educational model located in the

Our mission is to create
 learning communities in lower income urban
 areas where all students, particularly those who
 have not succeeded in traditional schools, can
 reach their potential and prepare for college,
 career and a lifetime of success. Our students
 develop the academic, social and employment
 skills they need to build rewarding lives and
 promote positive change.
